The President lays before the Senate a report by the Corporation Commission, as follows:

RALEIGH, January 5, 1911.

HON. W. C. NEWLAND, *Lieutenant-Governor and President of the Senate, Raleigh, N. C.*

DEAR SIR:—I have the honor to transmit herewith, by direction of the Commission, report of the Corporation Commission to the General Assembly, pursuant to the resolution adopted at the last session of the General Assembly, in reference to freight rates interior from North Carolina ports.

Very respectfully, A. J. MAXWELL, *Clerk.*

RALEIGH, January 3, 1911.

To the General Assembly of North Carolina:

In obedience to resolution adopted by the General Assembly at its last session, the Corporation Commission respectfully reports:

The resolution is as follows: "That the Corporation Commission be and it is hereby authorized and directed, without unnecessary delay, to investigate fully all matters pertaining to such freight rates, and to put in force in this State the same relative rates for North Carolina cities, towns and industries from our ports as the cities, towns and industries of the States of Virginia and South Carolina have from their

ports, in so far as the same may not be unfair and unjust. The said Corporation Commission is hereby further directed to report to the next General Assembly of North Carolina all the facts and circumstances and evidence relative to or disclosed upon such investigation."

The Corporation Commission undertook the investigation contemplated and issued notice to the railroad companies as follows:

"I hand you herewith copy of resolution of the General Assembly of 1909, concerning freight rates.

"The Commission has assigned this matter for hearing at the office of the Commission on Wednesday, September 15th, and you are requested to be present or represented on that day and to be prepared to furnish or file with the Commission a table or compilation of the freight rates in effect from the ports of Virginia to interior towns and cities in Virginia; from South Carolina ports to interior towns and cities in South Carolina; and from North Carolina ports to interior towns and cities in North Carolina."

And notice was also published in the newspapers of this State.

On the date fixed, the Southern Railway Company, Seaboard Air Line Railway, Atlantic Coast Line Railroad Company, and the Norfolk Southern Railway appeared and filed data as requested.

H. A. Foushee, Esq., appeared and represented Durham Retail Merchants Association.

Messrs. E. L. Harris and Edgar Broughton appeared and represented the North Carolina Retail Merchants Association.

Hon. T. W. Bickett, Attorney-General, appeared.

A. B. Justice, Esq., appeared and represented North Carolina Merchants Association and Charlotte Retail Merchants Association.

In addition to the tabulated information filed by the railroad companies, oral examination was made of Mr. L. Green, Traffic Manager of the Southern Railway Company; Mr. R. A. Brand, Freight Traffic Manager of the Atlantic Coast Line Railroad Company; and Mr. C. R. Capps, Freight Traffic Manager of the Seaboard Air Line Railway.

The matter was continued in order that the traffic organizations of the State, or any other persons interested, might have opportunity to introduce evidence or furnish any information in regard to the matter.

Upon all the information and evidence obtainable by the Corporation Commission, we are of opinion that upon an average the freight rates from ports in North Carolina to inland towns in North Carolina are as low or lower than the freight rates from ports in Virginia to inland towns in that State and the freight rates from ports in South Carolina to the inland towns in that State.

The correspondence, papers filed and copy of the oral evidence introduced are all on file in our office and will be produced at any time your honorable body may suggest. It was in such volume that the Corpora-

tion Commission did not think it proper to incur the expense of printing these papers without direction of your Honorable Body.

Respectfully submitted,

FRANKLIN MCNEILL, *Chairman.*
SAM. L. ROGERS, *Commissioner.*
H. C. BROWN, *Commissioner.*

The President lays before the Senate a report by the State Treasurer, as follows:

RALEIGH, January 4, 1911.

The Honorable, the President of the Senate, Raleigh, N. C.

Senator Graham makes the following report:

Report of Conference Committee on H. B. 267, S. B. 266, entitled "An act to amend chapter 715 of Public Laws of 1909":

The Conference Committee appointed to consider disagreement of Senate and House of Representatives in regard to above entitled bill, report: That the title on the cover of the bill, "An act to amend chapter 715 of Public Laws of 1909, *regulating the hunting of game in Alamance County,*" was not put in the title of the bill, but only a part thereof, and therefore the amendment of the Senate was proper to show to what subject the bill related.

As the omission of the full title was an inadvertence, the committee recommend that the Senate recede from its amendment and the title of the bill shall be put in full as shown on the cover, "A bill to be entitled an act to amend chapter 715 of Public Laws of 1909, regulating the hunting of game in Alamance County," and also that the bill be amended by striking out all after the word "March" in line 4 of first section.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR.

The following message is received from His Excellency, the Governor:

RALEIGH, N. C., February 6, 1911.

To the Honorable General Assembly of North Carolina:

In my message transmitted to you on the 5th of last month, I called attention to the pendency of a suit in the Supreme Court of Nevada to compel the Governor of that State to accept some of the special tax bonds of this State issued in 1868-9.

The Court decided that under the act of the Nevada Legislature of 1901 the Governor must accept them, but the order of mandamus was stayed until the Legislature of Nevada could consider the matter. The Legislature of that State promptly repealed the act requiring the Governor to accept such gifts, thus showing Nevada's unwillingness to become the instrument of the holders of those fraudulent bonds in unpleasant litigation with our State.

This information is given that you may take such action as may be deemed proper in recognition of the action of the Legislature of our sister State. Respectfully, W. W. KITCHIN,

Governor.

REPORT OF COMMITTEE ON INSANE ASYLUMS.

To the Honorable House of Representatives and Senate:

We, your Joint Committee, having visited and carefully inspected the State Hospital for the Insane at Morganton, North Carolina, beg leave to make the following report:

SECTION 1. We went through and carefully inspected the patients in all wards and find them amply provided for and properly kept. The sanitary conditions are most excellent throughout.

SEC. 2. We find upon investigation two colonies situated about one mile from the main building and about one mile from each other, in which are housed about one hundred and fifty of the male patients. These colonies are kept after the plan of a modern farm home, the patients being engaged in farming, dairying, poultry raising and other work under the supervision of attendants. This manner of living and work we find to furnish diversion and a profitable income to the institution, and furnishes protection to the farm and lands belonging to the institution.

SEC. 3. We recommend the following improvements: (a) That a rear porch and rear stairway be erected at each of the three cottages at the Sawyer colony, to serve as fire escapes as well as a rear entrance to the cottages, to cost about one thousand dollars. (b) We recommend two additional buildings to be used as a receiving department into which every case when first coming to the hospital can be admitted, and there kept for a reasonable length of time in order to facilitate observation and treatment; thus enabling the medical staff to more quickly and certainly arrive at a diagnosis and more effectully carry out the modern ideas of treatment. In this way concentration of nursing force and therapeutic efforts can be secured and directed toward the class and at a time at which best results can be obtained. These

buildings are absolutely necessary for the installation of hydrotherapy apparatus, an exceedingly valuable adjunct in treatment of insanity, as well as certain other equipment deemed advisable. It is estimated that this department, consisting of two buildings equipped as outlined, will cost about sixty thousand dollars, and will furnish one hundred additional beds, which will meet the needs of the hospital in this direction for some time to come.

SEC. 4. We find 1,125 patients in hospital and 100 out on probation; and we find further the per capita cost of maintenance to be $160.37 per year. We further find that about seventy-five per cent of those out on probation return and that there are constantly being admitted new patients. We therefore recommend that $200,000 be appropriated annually for maintenance, the said sum being necessary to keep the institution up to its present efficiency.

SEC. 5. We find that with the above improvements added, and with the present efficient management, the State will have one of the most modern and best kept institutions of the kind in the country.

All of which is respectfully reported by your committee.

J. R. BAGGETT.
J. L. HYATT.
VAN B. MARTIN.
J. C. FISHER.
R. N. CARTWRIGHT.

Referred to Committee on Appropriations.

MESSAGES FROM THE GOVERNOR.

The following message is received from his Excellency, the Governor:

FEBRUARY 23, 1911.

The Honorable the General Assembly of North Carolina:

I am advised that the Congress of the United States has enacted a law authorizing the different States of the Union to enter agreements or compacts with other States for the purpose of conserving the forest and water supply of the States entering into such agreement, and that Congress has appropriated the sum of $200,000 to enable the Secretary of Agriculture to co-operate with any State or group of States when requested to do so in the protection from fire of the forested watersheds of navigable streams, and that the Secretary of Agriculture is authorized on such conditions as he deems wise to stipulate and agree with any State or group of States to co-operate in the organization and maintenance of a system of fire protection on any private or State forest land stipulated upon the watershed of a navigable river.

It is, however, provided in the said act of Congress that no stipulation or agreement shall be made with any State which has not provided by law for a system of forest fire protection, and that in no case shall the amount expended in any State by the United States exceed in any fiscal year the amount appropriated by that State for the same purpose during the same fiscal year.

In view of the above facts, I recommend that the General Assembly provide for a system of forest fire protection and make suitable appropriation for that purpose.

Yours very respectfully, W. W. KITCHIN, *Governor.*

The following message is received from the Governor:

To the Honorable the General Assembly of 1911:

The General Assembly of 1909, in a joint resolution ratified March 9, 1909, appointed the Council of State, together with the Secretary of the State Board of Health, a committee to make the State Capitol a place of sanitary safety in which to work.

Your committee respectfully submits the following report:

At a meeting of the committee, held January 5, 1910, it was decided to employ an architect of well known ability to consult with them. Mr. Frank K. Thomson, of Raleigh, was employed for this purpose. The committee delegated to Mr. Frank K. Thomson and Dr. W. S. Rankin the preparation of plans, embodying all the well-known principles of lighting, heating and ventilation to be used in discharging the duties of your committee. These specifications and plans, approved by your committee on May 9, 1910, are now on file with the State Treasurer. The said plans and specifications were submitted to a number of contractors for bids. The bids of these contractors are now on file with the State Treasurer.

The following contractors were employed on the work, their bids being

the lowest of those submitted: Young & Hughes, Raleigh, N. C., contractors for ventilating and heating; the Carolina Electrical Company, Raleigh, N. C., contractors for electrical wiring for lighting and power; the Chigaco Gas and Electric Fixture Manufacturing Company, contractors for lighting fixtures. The contract prices were as follows:

Young & Hughes, heating and ventilating.....	$4,048.00
Carolina Electrical Company, wiring for lights and power for operating fan, office machines, etc.....	2,275.00
Chicago Gas and Electric Manufacturing Company, lighting fixtures	2,328.75
Architect's fee, 5 per cent on the above contracts....	432.58

In addition to the above contract prices, certificates were issued for the following work, not included in the original contracts:

Young & Hughes, for work on old heating system...	$75.95
Chicago Gas and Electric Fixture Manufacturing Company, for 16 extra switches and wiring.....	25.60

The work completed at the State Capitol consists of the following: A complete fan system of ventilation with necessary additions and changes in the old heating system to give additional radiation required. One forty-two inch Sturtevant Multivane fan, driven by a two-horse power electric motor, is located in the attic of the building. This fan is connected up with a system of piping to the fireplace flues, connected with the old fireplaces in the House and Senate. The old fireplaces are covered with ornamental grilles. New direct and indirect radiators are provided on the floor of the House and Senate and so connected that the fresh outside air is admitted through fresh-air inlets in the walls of the building. In the operation of the system, when the fan is started, the foul and cold air at the floor is drawn out through the old fireplace openings and flues, and as this cold air is exhausted the fresh air is drawn in through the fresh-air inlets and through the radiators, where it is warmed and passes into the room. Seven hundred and eighty square feet additional radiating surface has been provided in the House, and six hundred and sixty square feet in the Senate, making a total of one thousand four hundred and forty square feet additional radiation, more than doubling the original surface. In order to properly handle this additional radiation without enlarging the old system of piping, a Warren Webster Vacuum pump was installed in the power house, and Webster motors placed on the radiation throughout the Capitol building. The installation of the above apparatus has made it possible to heat portions of the building (on the southeast corner particularly) that had never been heated satisfactorily with the old system, and has done away with all hammering and knocking of pipes which was, at times, very annoying in this portion of the building. The system was designated to completely change the air in both the House and Senate Chambers once every twenty minutes when the fan is in full operation. The system, as installed, is practically a duplicate of the

ventilating system installed in the Senate wing of the United States Capitol at Washington.

A complete conduit system of electrical wiring for lighting the Capitol and for furnishing power for operating the ventilating fan and for operating adding machines, and so on, in the various offices, and including underground connections to the street, has been installed. All wires are run in "Sheraduct" iron conduit and the work inspected and approved by the local electrical inspector, his certificate being attached hereto. All outlets for lights throughout the building are provided with chandeliers made from special designs to correspond to the Grecian Doric architecture of the building.

We herewith submit the following report:

No. 435. CITY OF RALEIGH, N. C.

The committee appointed to visit the State farm in Halifax County makes the following report:

To the Honorable the General Assembly:

We have been to the State farm as your committee to make an inspection of this valuable State property. We find everything in splendid condition, save one or two necessities that we feel if added will make a model farm, that we will recommend. If the present management continue to make improvements as they have for the past two years, the State will have a farm that will be worth a half million dollars.

The State's Superintendent furnished us an inventory of the permanent improvements that had been added to the farm, amounting to fifty thousand dollars. Your committee went over each building, carefully inspected them, also the mules and horses, the improved farming implements and machinery, all nicely stored under the new shelters; went on the dyke work and believe that the estimate made of all these permanent improvements are very conservative. The large two-story stables to accommodate 36 mules at each farm and two-story shelters

60 x 180, with sealed floors, to hold any kind of grain, are estimated at $3,500; could not be built for less than $5,000 by private contractors. We find all the quarters for sleeping and eating with doors and windows screened and the regulation iron barred windows instead of wooden slats. Everything is in fine sanitary condition. Prisoners were in good condition, well clothed and fed. All the teams are in fine condition in spite of having worked all the winter in building the dykes, which is the hardest of all work.

Three things are needed to make this a model farm. First, waterworks, lighting plants and a spur track from Tillery to the farms, four miles. The Superintendent tells us they will have to haul over this road this spring 1,125 bales of cotton, 30,000 bushels of cotton seed, 25,000 bushels of peanuts from the farm, and from the railroad to the farm 600 tons of fertilizer. From what we can learn from the supervisors, who have been at the farms for twelve or more years, there has been more improvement in the past two years than in ten before.

We believe the policy of the present administration is right in spending at least twenty-five per cent of its earnings in keeping buildings, dykes and everything in connection with the farm to a high standard. We approve most heartily the putting up the dykes and reclaiming all the farm land that will make ten to fifteen thousand barrels of corn.

The Superintendent gives great credit to his supervisors, that they are men of fine moral character as well as spendid business qualities. The farm physician has been all we can ask. The health record of these four hundred people speaks volumes for him.

At the Central Prison you have a fine corps of helpers to keep everything in best shape. Your Warden can not be excelled. The Superintendent says that the Warden deserves all the credit for the great improvement made in every department of the Central Prison, and is a most efficient officer in every department. We recommend that, having the duties of electrocution for the entire State placed on his hands, he should be paid $300 extra for this work.

This farm cost the State $60,000; it has paid the State over this amount each of the past two years. We have reason to believe that the North Carolina State's Prison has earned more clear money on its seven hundred convicts than any prison in America, excepting Florida. That State contracts all its convicts to the phosphate mines at $2.85 per day. This must be unhealthy and disagreeable work. In North Carolina they are worked in the open air, have good ventilated quarters, are well fed and clothed, and always under the control of the Prison authorities. The health record is exceptionally fine.

MESSAGE FROM THE GOVERNOR.

The following message is received from the Governor:

February 24, 1911.

The Honorable, the General Assembly of North Carolina:

The Acting President of the Panama-Pacific International Exposition of San Francisco has requested that I communicate with the General Assembly of North Carolina touching the Panama-Pacific International Exposition to be held in San Francisco in the year 1915.

The Acting President suggests that this State make provision for the appointment of a commissioner or commissioners to visit San Francisco some time during the summer months of this year when the work on the exposition will be going on, and learn of the extensive plans of the exposition directors, to view the exposition site and select location for a State building, which it is hoped North Carolina will erect on the exposition grounds. The exposition will be a notable one, and it is probable that the Legislature two years from now will be requested to make suitable appropriation for a proper exhibition of the resources, products and advantages of the State. In such event it is thought that a personal examination of the grounds and the obtaining of personal information by some one duly commissioned on the part of the State of North Carolina will be a help to the Legislature of 1913. If you deem it expedient to appoint or to authorize the appointment of a commissioner or of three commissioners for such purpose, I recommend that you appropriate a sufficient sum to pay the necessary traveling expenses and hotel bills thereof. Respectfully, W. W. KITCHIN,

Governor.

MESSAGE FROM THE GOVERNOR.

The following message is received from his Excellency, the Governor:

February 27, 1911.

The Honorable the General Assembly of North Carolina:

The fiftieth anniversary of the battle of Gettysburg will be ap-

propriately celebrated on that historic field July 1, 2, 3 and 4, 1913. The United States and every State whose soldiers participated in that battle will be represented. One day will be dedicated to the Army and Navy, one to the States, one to the Nation, and one to Fraternity and Good Will. It should be a great occasion in the history of our Republic. North Carolina should honorably and conspicuously share in the celebration, and doubtless the next Legislature will be asked to make suitable provision for the purpose. In the meantime we should be in position to properly co-operate with the other States in perfecting the plans and details of the important event.

I, therefore, recommend that you authorize the appointment of a commissioner or commissioners, depending somewhat on the action of other States, to act for North Carolina in conjunction with the representatives of other States in the preparation of such plans and details, and that for this purpose you appropriate the sum of three hundred dollars for the payment of the necessary expenses in connection therewith, without any compensation to him or them who shall be commissioned to perform these services for the State.

Last year, at the request of General Louis Wagoner, Chairman of the Pennsylvania Commission, I appointed a survivor of the battle of Gettysburg, naming Hon. Jno. C. Scarborough for that purpose, to meet with the Pennsylvania Commission and representatives named by the Governors of other States at Gettysburg on October 13th and 14th last, to discuss the matter and adopt a preliminary or tentative general plan of such celebration. My appointee at his own expense patriotically and in an eminently satisfactory manner discharged the duties of his commission.

Yours truly, W. W. KITCHIN,
Governor.

MESSAGE FROM THE GOVERNOR.

The following message is received from his Excellency, the Governor:

February 27, 1911.

The Honorable the General Assembly of North Carolina:

The Society of the Immortal Six Hundred, organized for that purpose, is undertaking to raise the sum of three thousand dollars for the purpose of erecting a suitable memorial commemorating the loyalty and heroism of the six hundred Confederate officers, prisoners of war, who were subjected by the order of the Secretary of War of the United States to severe cruelties on Morris Island and at Fort Pulaski and Hilton Head in 1864-5, in retaliation for alleged cruelties inflicted upon Federal prisoners of war in Confederate prisons. These Confederate officers were taken from the military prison at Fort Delaware and first carried to Morris Island and there kept, subject to the fire of Confederate guns which were shelling Federal troops on that Island, for forty-two days, half fed upon corn meal three years old, half rotten

and buggy, and cucumber and onion pickles. They were afterwards removed to Fort Pulaski and Hilton Head. For want of food and clothing they endured the bitterest hardship. We know of no parallel instance where American soldiers were ever compelled to suffer more deliberate and wanton humiliation and injustice. Yet they remained true to the cause of Confederacy in which they had enlisted, refusing to take the oath of allegiance to the United States. Of the six hundred, one hundred and fifteen were North Carolinians.

I heartily commend the effort to erect a monument to their valor and fidelity. The State of Virginia has appropriated $225 to aid in the undertaking. I recommend that the General Assembly of North Carolina appropriate the sum of two hundred and twenty-five dollars for such purpose, to be paid to the treasurer of said society when the remainder of the necessary amount has been raised by it.

Yours truly, W. W. KITCHIN,
Governor.

MESSAGE FROM THE GOVERNOR.

The following message is received from his Excellency, the Governor:

February 27, 1911.

The Honorable the General Assembly of North Carolina:

The Chairman of the Vicksburg National Park Commission has invited my efforts in behalf of a legislative appropriation for a suitable North Carolina State memorial to be erected in the Vicksburg National Park. I recommend that you elect or authorize the appointment of three commissioners to consider the matter and provide for the payment of their necessary expenses without compensation to them, and that you further authorize a suitable memorial to be there erected upon the approval of such commissioners and the Governor and Council of State, to cost not exceeding such sum as you may deem proper.

Yours respectfully,
W. W. KITCHIN,
Governor.

PETITION OF DAUGHTERS OF CONFEDERACY.

To the Honorable the General Assembly of North Carolina:

At the annual State convention of the North Carolina Division of the United Daughters of the Confederacy, held at Rocky Mount last October, a committee was appointed, with the undersigned as chairman, to petition your honorable body to increase the pensions now paid by our State to our Confederate soldiers and widows.

In accordance with said action the undersigned, in behalf of all the Daughters of the Confederacy in this State, most earnestly petitions and urges your honorable body to increase the pittance heretofore paid our gallant heroes and the widows of deceased heroes, all of whom are so needy and so deserving of much more than we can ever hope may be paid to them. If it be said that increased pensions may be a burden on the taxpayers, it should be borne in mind that such a burden will not long be on them, and not many years will elapse before the last of our Confederate heroes will have "crossed over the river and rest under the shade of the trees" with their immortal leaders, Robert E. Lee and Stonewall Jackson!

Let our Legislators remember that the Confederate soldiers counted not the cost, even though it be their lives, when they obeyed the call of their sovereign State and risked their all in her defense.

The Secretary of the Treasury took the matter of the adjustment of this indebtedness up with me, and State Treasurer Lacy and myself, in December, conferred with Secretary MacVeagh and Treasurer McClung, in Washington, about it, who, as a result of such conference, desired that I write the Secretary what proposition I would recommend to the General Assembly, with reasons therefor.

The following is the correspondence which followed:

STATE OF NORTH CAROLINA,
EXECUTIVE DEPARTMENT,
RALEIGH, January 9, 1911.

HON. FRANKLIN MACVEAGH,
Secretary of the Treasury, Washington, D. C.

SIR:—Referring to the subject matter of your letters of the 22d and 30th of November, 1910, which we discussed together with Treasurer McClung and State Treasurer Lacy on my recent visit to Washington for that purpose, I have the honor to state that the bonds of this State mentioned in said letters and now belonging to the United States—principal $58,000 and attached coupons $88,140, a total of $146,140—have never been repudiated and that no arrangements have been made to adjust the indebtedness they represent, other than chapter 98 of the Acts of 1879, entitled "An act to compromise, commute and settle the State debt"—the time for adjustment thereunder now having expired.

These bonds belong to Class 1 of section 4 of said act, and as such were refundable in 4 per cent North Carolina bonds at 40 per cent of their principal. As no official of the United States or of the United

States as trustee of the Indian Trust Fund, to which these bonds then belonged, as I understand, was then authorized to accept such adjustment, I think it equitable to settle these bonds upon the basis of the Act of 1879 with interest from that date at 4 per cent, and I shall be glad to recommend that the Legislature now in session grant authority to settle such indebtedness. I understand that it will be necessary for Congress to grant authority for you to make an adjustment of the matter, and I trust that you can recommend that such authority be given. In this connection I deem it appropriate to mention the following facts which necessitated the Act of 1879, which investigation discloses.

The Legislature of that year found, as appears in detail on page 56 of Document No. 3, the State Treasurer's Report in our Public Documents of 1879, the State owing a recognized indebtedness of principal $16,960,045 and interest then due $10,160,182, a total of $27,120,227. The footnote shows that one interest due item, amounting to $1,675,370, is subject to certain deductions on account of amounts paid by a receiver "whenever ascertained." Another statement and discussion of our indebtedness at that time is found on pages 5, 6, 7 of said Treasurer's Report.

This recognized indebtedness does not include any of the "Special Tax Bonds" of 1868-9, which the State utterly repudiated as fraudulent and void and many of which had been surrendered and canceled, but of which there was then outstanding, as shown on page 54 of said Document, $11,366,000 and interest due, $6,244,470, a total of $17,610,470. As appears from pages 275-6-285 of Document No. 5, Auditor's Report, Public Documents of 1879, the entire taxable value of the State, real and personal of all kinds and classes (recapitulated on page 293) was only $146,370,493—the real property being $92,158,245 of that amount.

It is needless to recount the causes of that situation, resulting from a disastrous war and a possibly more disastrous period of reconstruction, which has destroyed values, turned back progress, rendered it impossible to pay coupons maturing and depressed the energy and the hope of the State. With $146,000,000 of taxables and a recognized indebtedness of $27,000,000, the Legislature of 1879 enacted the law above mentioned, which divided the admittedly just indebtedness into three classes, 40 per cent, 25 per cent and 15 per cent of principal. The State's creditors appreciated her condition and accepted the proffered settlement. The State Treasurer informs me that all the creditors entitled to settlement under said act accepted it except the holders of not more than $200,000 principal, which includes the bonds now held by the United States. It is supposed that some small number of such bonds were lost or destroyed prior to 1879. The only claimant that ever received more than 40 per cent of the principal and 4 per cent interest thereon was the State of South Dakota, who accepted ten bonds and sued North Carolina on them.

If, upon consideration of the facts stated herein, you can recommend

that Congress grant authority to settle the bonds held by you upon the suggested basis, I shall be glad to have early information to that effect.

Respectfully, (Signed) W. W. KITCHIN,
Governor.

TREASURY DEPARTMENT,
WASHINGTON, February 7, 1911.

HON. W. W. KITCHIN, *Governor of North Carolina.*

MY DEAR SIR:—Referring to your favor of January 9th in regard to the North Carolina bonds now belonging to the United States Government, I beg to ask for a little further information.

You suggest that it would be equitable to settle these bonds upon the basis of the Act of 1879, with interest from that date at 4 per cent. Did you imply that the 40 per cent settlement is upon the principal and unpaid coupons, or only upon the principal with a waiving of the coupons?

I have learned that in the case of South Dakota versus North Carolina, which was a suit instituted to recover bonds similar to the bonds in question, judgment was awarded against North Carolina for the amount of the bonds and the coupons sued upon. Was this judgment duly paid and was the decision in that case used as a basis for claims of other holders of this same class of bonds?

Certainly the Court's decision in this case would seem to establish the right of the United States Government to demand 100 per cent of the principal and unpaid interest on the bonds. If this is correct, I hardly know whether the Government would be justified in accepting your proposition, and it seems a little strange that other holders of these bonds would have been satisfied to accept a settlement on the basis of 40 per cent or any other percentage less than 100 per cent of the indebtedness while such indebtedness was a direct and valid claim against the solvent State of North Carolina.

Needless to say, we want to deal not only fairly but as liberally as possible with your Commonwealth in this matter; but, as you see, we are endeavoring to acquire further knowledge which may aid us in determining upon a proper course.

My understanding from your communication is that the only ground which you advance as justifying the attitude of North Carolina in wanting to compromise with its creditors is unfortunate conditions in which the State found itself after the war, when the energy and hope of the State were depressed.

Thanking you for an early reply to this communication, I am,
Very respectfully yours,

(Signed) FRANKLIN MACVEAGH,
Secretary of the Treasury.

February 13, 1911.

HON. FRANKLIN MACVEAGH,

Secretary of the Treasury, Washington, D. C.

DEAR SIR:—Your letter of the 7th received. The suggestion in my letter of January 9th was based upon the act of 1879, which offered 40 per cent of the principal only, without including any coupons, and was to pay 4 per cent interest thereon from 1879. In my letter of the 9th I correctly stated that the only claimants that ever received over 40 per cent of the principal, with 4 per cent interest thereon, was the State of South Dakota. The holders of the other bonds in the same class and of the same issue as those held by the State of South Dakota, accepted the offer of the Act of 1879 with 4 per cent interest thereon. The judgment of the Supreme Court in the South Dakota case was paid in full, principal and coupons.

The reasons which caused the offer of the compromise were referred to in my former letter.

Yours truly, (Signed) W. W. KITCHIN,
Governor.

Thereafter, at the request of Treasurer McClung, Senator Overman conferred with him about the matter. Mr. McClung thought the full amount should be paid. Senator Overman informed the Treasurer that he had introduced a bill in the Senate providing for the payment by the United States to North Carolina of the sum of $44,000, being the proceeds of certain cotton belonging to North Carolina which had been seized in the State of Georgia subsequent to the war between the States and sold by the United States, which proceeds he had ascertained had been paid into the Treasury of the United States. It was by Senator Overman suggested and agreed to by the Treasurer that a wise course to pursue in reaching a proper adjustment of the matters involved was for the United States to appoint two commissioners and North Carolina two commissioners for that purpose. I have written to Senator Overman approving of such plan and requesting him to endeavor to get the authority of Congress in that behalf.

I therefore recommend that you authorize the Governor to appoint two commissioners on the part of the State to meet in Washington with the commissioners to be appointed on behalf of the United States, for the purpose of adjusting the claims of the United States arising from said bonds, and the claims of North Carolina arising from the proceeds of said cotton, and that you provide for the necessary expenses of such commissioners on the part of the State.

Respectfully, (Signed) W. W. KITCHIN,
Governor.

In pursuance of the duties imposed upon us by law, we have made two careful annual examinations, in December, 1909, and December, 1910, respectively—finding the books and accounts of the State Treasurer's office correct in every respect and neatly and properly kept.

We examined the office of the Auditor and found that the vouchers in the Auditor's office agree with the payments made in the Treasurer's office.

We have checked over the cash book of the Insurance Commissioner, and have also checked the disbursements through the office of the Insurance Commissioner, and have compared the bank checks with the entries of payment on the cash book.

Upon inquiry, we find that the Attorney-General and the State Treasurer have checked over the securities accepted by the Insurance Commissioner and deposited with the State Treasurer, which securities are deposited under law by the various insurance companies doing business in the State.

We have canceled the vouchers from the various State institutions which have been compared on the State Treasurer's books, and found correct.

We have destroyed the coupons redeemed by the Treasurer on interest bearing bonds.

We have canceled the pension warrants paid during the past two years.

We examined with care the authority for the various warrants drawn by the State Auditor on the State Treasurer, and find same to be correct.

We notice that in a few instances in the accounts of the Central Hospital at Raleigh, that the original bills for purchases made are not attached to the vouchers drawn. We would insist that these original statements always accompany the vouchers drawn. We further insist that this institution be more careful in classifying its expenditures, as we have observed that they have classed under the classification of "other expenses," expenditures which should properly come under the classification of "support."

Respectfully submitted,

J. D. Elliott,
C. Edd Taylor,
R. R. Cotten,
T. J. Murphy.

The Conference Committee of the Senate and House of Representatives, having under consideration the differences between the two Houses on H. B. 1073 and S. B. 1233, being a bill to be entitled "An act to raise revenue," beg leave to submit the following recommendations:

That section 3 be amended so as hereafter to read as follows:

Sec. 3. Rate.—There shall be levied and collected annually an *ad valorem* tax of twenty-one cents for State purposes, four cents for pensions, and twenty cents for public schools, making forty-five cents on every one hundred dollars' value of real and personal property in this State required to be listed in "An act to provide for the assessment of property and collection of taxes," subject to exemptions made by law; and no city or other municipal corporation shall have power to impose, levy or collect any greater sum on real and personal property than one per centum of the value thereof, except by authority from the General Assembly.

We recommend that the House concur in both Senate amendments to section 6.

We recommend that the Senate amendment No. 2 to section 23 be adopted, and that amendment No. 1 to said section be rejected, and when adopted it shall read as follows:

Sec. 23. What question blank shall contain in regard to income.—The blanks for listing taxes shall contain the following question: "Was your gross income from salaries, fees, trades, professions and property not taxed, any and all of them, for the year ending June first, in excess

of one thousand dollars?" If the taxpayer answers the question in the affirmative the list taker shall see that the amount of such excess is placed upon the blank provided for that purpose, and the taxes against the income shall be paid together with other taxes for that year, and it shall be unlawful for any person to print or publish in any manner any income tax or any part thereof or the taxes due thereunder, and any person offending against the provisions of this section shall be guilty of a misdemeanor and shall be punished by a fine not exceeding fifty dollars or be imprisoned not more than thirty days for each offense.

We recommend that the Senate amendment to section 28 be adopted and that the following be added thereto: "That two or more exhibitions at different times on the same day and place shall only be liable for one day's tax": so that the said section shall read as follows:

Sec. 28. Traveling theatrical companies.—On every traveling theatrical company giving exhibitions or performances in any hall, tent or other place not licensed as provided in the preceding section, whether on account of municipal ownership or for any other reason, five dollars on each day's or part of a day's exhibitions or performances; that two or more exhibitions at different times on the same day and place shall only be liable for one day's tax, and the owner of the hall, tent or other place shall be responsible for the tax; but artists exhibiting paintings or statuary, work of their own hands, shall only pay two dollars: *Provided*, all such places of amusement as do not charge more than ten cents admission and shall perform in any given place as much as one week at a time shall only be required to pay aforesaid tax for the week. Counties, cities and towns shall not collect a greater amount than that of the State tax, and the proprietor of any such show shall apply in advance to the sheriff of any county in which a performance is to be given for a license. Failing to do this, the show shall be subject to the actual expenses incurred by the sheriff or tax collector in enforcing payment of the license levied under this section. On each room, hall or tent used as a moving picture or vaudeville show, when not licensed under the preceding sections, shall pay a tax as follows: In towns of less than two thousand five hundred inhabitants, ten dollars per annum; less than five thousand inhabitants and more than two thousand five hundred, twenty dollars per annum; less than ten thousand inhabitants and more than five thousand, forty dollars per annum; in towns or cities with more than ten thousand inhabitants and less than fifteen thousand, fifty dollars per annum; more than fifteen thousand inhabitants, one hundred dollars per annum. Counties, cities and towns shall not levy a greater amount of license tax than that of the State.

We recommend that the Senate amendment to section 31 be adopted and that the same take the place of the original section, with the following words added: "Said license, when paid in any county, shall be good in every other county in the State."

We recommend that the Senate amendment to section 37 be concurred in.

REPORT OF SPECIAL COMMITTEE.

To the Honorable, the General Assembly:

We, the undersigned members of the special committee appointed under resolution of this body to investigate the condition of the State's interest in the Mattamuskeet Railroad, the Elkin and Alleghany Railroad, the Statesville Air Line Railroad, the Wilkesboro-Jefferson Turnpike, and State institutions, beg to report as follows:

Your committee finds that it has been impossible to investigate all these properties and make an intelligent or comprehensive report thereon for the want of time. Your committee has, however, recommended and the Legislature has passed a bill authorizing the Governor and his Council of State and the Board of Internal Improvements to make such investigations as they may deem proper to safeguard the State's interests, and an appropriation has been made for the purpose of carrying into effect such measure as they may deem necessary for the protection of the State's interest.

Your committee did, however, examine the buildings erected at the State Hospital, at Raleigh, and while your committee found some minor defects which have developed after two years of service, we do not think they are sufficient to be worthy of special notice. In our opinion, the general construction is good, and we do not find the cost of same to be excessive. We believe that the purchase of the land adjoining the State's property was wise and has amply justified the expenditure of that amount of money.

We recommend that all institutions receiving State aid should be required to make quarterly instead of annual reports of their expenditures, and that every account or voucher issued to them should show for what purposes the money was expended.

Respectfully,

THOMAS A. COX.
J. A. BROWN.
F. P. ALSPAUGH.

UNITED.

(A National Hymn.)

America, our mother fair,
Queen of the earth, the sea, the air!
The States, thy children, cling to thee,
And at thy shrine bend low the knee.
America, a radiant band,
North, South, East, West, hand clasped in hand,
We guard thee well. God give us light,
And help us keep our altars bright.

Thy throne extends from sea to sea,
Thy scepter is our liberty;
Thy ermine is our flag so grand,
Which proudly waves o'er sea and land.
To grace thy brow heaven lends her crown,
With golden stars it's wreathed around,
And Nature pours out at thy feet
A wealth of treasure, rare and sweet.

Our eagles' wings are proudly spread;
"Old Glory" waves above thy head.
All nations know that on thy breast
Each wand'ring child may find its rest,
For liberty doth light the way
Through darkness unto perfect day.
America, lift up thine eyes!
Thy God doth reign above the skies.

America, our mother dear,
When thou dost call, thy children hear,
And coming, pray all strife shall cease—
That God will bless our land with peace.
Jehovah, Lord, to Thee we raise
Our hymns of gratitude and praise;
Each State takes up the glad refrain,
A mighty chorus once again.

CHORUS.

America! All hail to thee!
Thanks be to God Who made us free!
North, South, East, West, hand clasped in hand,
United we thy children stand.
